GUIDELINES FOR WIRELESS ACCESS

The Ocean Shores Library provides wireless access as a public service.

1. To use wireless access your computer must have the latest spyware protection and anti-virus software.

2. You do not need a password.

3. Your information is not protected while using wireless access. Keep this in mind when accessing sensitive business or personal information.

4. Wireless users agree to abide by the Library’s Internet Use Policy & Guidelines, which prohibits illegal activities while using the Library’s internet service.

5. The Library assumes no responsibility for the safety of equipment or for laptop configurations, security, or data files resulting from connection to the Library’s network.

6. You cannot print from the wireless network.

7. The Library has a limited number of public tables and seating, and not all seating is within each reach of electrical outlets. Be prepared for your computer to be self-powered. Do not block or cross aisles or floors with extension or power cords. Do not move chairs or tables to electrical outlets.

8. Turn off any audible sound or use headphones.

9. Wireless service is usually available but not guaranteed, and may not be available during times of high use or technical problems.

10. Staff cannot offer technical support.
